ABOUT THIS AREA

Krasnodar Krai is the sunniest part of Russia. It is nestled between 2 seas: the Black and the Azov and surrounded by picturesque mountains. It's the only part of Russia with subtropical climate. This southern region of Russia is a wonderful vacation spot year round. In the summer warm southern sun and beaches attract the travelers and in the winter snow covered mountains offer a variety of fun getaways.

For this reason our region was selected to host Winter Olympic Games of 2014.
